## STATE OF NEW HAMPSHIRE

---

To the Inhabitants of the Town of Clarksville in the County of Coos, in the State, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Clarksville on Tuesday, the 14th day of March next at nine of the clock in the forenoon to act upon the following subjects.

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.
3. To see if the town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the town through tax collector's deeds.
4. To see if the town will vote to accept State Aid for construction of T.R.A. roads and if so, raise and appropriate the sum of two hundred and fourteen dollars and fifty five cents.
5. To see if the town will vote to authorize the Selectmen to hire such sums of money as may be necessary to defray Town charges in anticipation of taxes.
6. To see if the town will vote to authorize the Selectmen to sell the old tractor and all land owned by the town at public auction.

7. To transact any other business that may legally come before this meeting.

Given under our hands and seal this first day of February in the year of our Lord nineteen hundred and fifty.

GEORGE W. ANDERSON  
FONROE CHAPPELL  
ALBERT G. BIRON

---

To the Inhabitants of the School District in the Town of Clarksville qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 14th day of March, 1950, at 2 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the salaries of district officials and agents, and for the payments of statutory obligations of the district, and to authorize the ap-

plication against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To transact any other business that may legally come before this meeting.

Given under our hands at said Clarksville this 25th day of February, 1950.

## SUPERINTENDENT'S REPORT

---

To the School Board and the Citizens of the  
School District of Clarksville:

### Foreword

In making provision for the operation of our schools, there are two primary factors to be considered. The one uppermost in our minds, in all probability, is the amount of money which will have to be raised and appropriated by our local community. With the loss of state aid in most cases and with generally increased enrollments, higher tuition rates, continued scarcity of elementary teachers, plus necessary expansion and improvements to meet pressing needs, increases will result. The extent to which these growing costs are to be met brings us to the second and more important factor to consider, namely, the returns on our investment—the degree to which our boys and girls mature as a result of their school experiences.

As important as are the accumulation and organization of facts in this scientific age, of vastly greater importance is their application to improve life situations. How effectively this is done will be determined very largely by a mind that has been developed over a period of years in such a way that it functions in making its independent estimate of things and in drawing its own conclusions. In order to provide opportunities for the building of this type of mature mind means, that throughout school, confronting it with problems to be solved, letting it search out relevant evidence, letting it learn to weigh this evidence, coming to a conclusion, and testing that conclusion. It means, further, the planning and maintaining of a long range program conducive, in so far as is possible, to the realization of this all important educational outcome which time alone can determine.

## **Teachers**

The district is fortunate in having Ruth E. Robie return as Principal and teacher of Grades 4-8. Julia A. Jordan was elected to teach Grades 1-3.

## **Buildings and Equipment**

During the summer vacation the ceilings and walls of both classrooms were redecorated with white and light cream colors respectively, which has helped much in improving both the appearance and the lighting of these rooms. In addition to the painting, such minor repairs were made as would keep the building in a good shape of maintenance.

## **Enrollment and Attendance**

The present enrollment shows a total of 30 which is 10 less than the number of pupils in school a year ago at this time. This decrease is explained by families moving out of the district. During the past year the average percent of attendance was 92.42 for Grades 1-4 and 95.50 for Grades 5-8, while for the same groups the average number of tardinesses was .40 and .00 respectively.

Of the five tuition pupils attending high schools outside the district, two are at Pittsburg, two at Canaan, and one at Colebrook.

## **Notes on the Budget**

The School Board's budget and requested appropriation for 1950-51 is \$9,683 as compared to \$10,105 for last year. This amount is reduced by an estimated income through state aid of \$2,305 which leaves a balance of \$7,378 to be raised by taxes by the town. The Clarksville School District is fortunate in receiving an increase in state aid when the available funds distributed by the state have been so greatly reduced. It is the only district in this supervisory union, as well

as one of a small number in the entire state, to receive additional state support.

### Health

In addition to the regular health supervision and follow-up work, some pupils were taken to the dental clinic and nearly all pupils took advantage of the Sodium Fluoride Treatment given gratis by the Federal Government.

### Legislation

As was pointed out under Notes on the Budget above, Clarksville is one of the few districts in the state which receives more state aid than formerly, even after the legislature made an 80 per cent reduction in the funds to be paid to local communities. With the exception of the Teachers' Retirement, which is to be taken up again at the special session this year, most of the other educational laws passed are confined to regulations governing the operations of our schools.

### Conclusion

Although we may find ourselves unequipped with adequate facilities with which to measure the results, there is no more significant a task for our schools than to help prepare our young people to become mature thinking adults. The world needs, as never before, adults who meditate values, who consider the bearings of things, and who try to foresee the consequences.

As in the past, may I again express my deep appreciation to the members of the school board, parents, teachers and citizens for all the help received in our work together to maintain high standards in our schools.

Respectfully submitted,

ERNEST B. DANA  
Superintendent of Schools
